ABOUT ME

"Hello, I'm **Hasnain Ahmed**, a passionate UI/UX designer and social media branding with two year of professional experience. I completed my Matric education at International Public School and pursued FSC at Karwan Model College Kohat.

Currently in my 7th semester, I'm studying Software Engineering at Kohat University of Science and Technology, blending my design skills with a strong tech foundation. I thrive in bridging the gap between aesthetics and functionality in the digital world.

My creative flair, combined with my software engineering knowledge, uniquely equips me to tackle design challenges. I'm dedicated to crafting memorable user experiences that drive online business success.

I'm eager to continue pushing the boundaries of innovation and creativity in design and technology. Let's connect and explore opportunities for projects that make a lasting impact.

WORK EXPERIENCE

UZR Tech

UI/UX Designing at Uzair Techonology — 2022 / Present

I worked at Uzair Tech as a UI/UX designer and social media branding . During my time there, I created compelling user interfaces and optimized user experiences. I also managed and enhanced the company's social media branding.
